The IP INSTALLER Application lets you quickly find the camera on your network and assign a new IP Address. Network IP Camera will also automatically connect to any available Wireless Network. The setup cannot get any easier.

Integrated DDNS Client

Utilize the free DYNDNS.ORG service in order to connect to your camera, even if you do not have a static IP Address assigned by your ISP.

CGI API for Remote Programming

Control the parameters of Wireless Network IP Camera from within your own application (such as web based PHP or ASP application or VB applications).

ActiveX OCX Controls for Visual Basic Applications

Quickly develop customized Visual Basic Applications utilizing Wireless Network IP Camera's OXC control.

ActiveX Control and JAVA Applet for seamless web integration of live video .

Direct Image Access (<http://camera/jpg/image.jpg>) for better compatibility to 3rd party video surveillance software.

User-Based Frame Rate Control

Reserve bandwidth for selected users (-> Power Users).

Synchronization with NTP Servers, time interval adjustable - professional feature for time critical applications.

6 port GPIO connector to connect external sensors, or to power external devices

No special software or additional hardware required

Assign a fixed public IP address for anytime, anywhere viewing over the Internet

Ideal for viewing buildings, offices, day care centers, schools, homes, etc.

BRAKENSIEK®
SYSTEMHAUS

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
