Tecs TS2000

The Copydot-scanner series TS2000 was conceived for scanning of Copydot and newspaper announcements and processes an easy black / white announcements up to colour sides CMYK, register-containing for the placing in a completely digital format. The TS2000 scanners have a resolution of 1270 dpi with which text and half-tone dots can be easily processed with a line grid of 100. Till this day were installed worldwide more than 300 scanners of the series TS2000.

- Spool it Dongle
- Scan it Dongle
- Seurat software

SYSTEMHAUS

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
