

Glunz & Jensen InterPlater 66 Flat development machine

Glunz & Jensen InterPlater 66 Flat development machine

non-new

Maximize the performance

The InterPlater develops positive (P-Version) and negative (N-Version) singlesided, offset plates in widths up to 660 mm (26"). By using the standard soft nylon brush, the Aqua Mol roller or the extra scrubbing brush, the InterPlater can handle any printing plate on the market today.

The InterPlater can be installed in less than one hour. The length and height of exit table can be adjusted for operator comfort.

Major Benefits

High quality

- A unique transport system precisely guides the plates into the developer
- No scratches
- Proven technology
- Dip-tank development, minimized bending of plates

Flexible

- Handles most printing plates on the market
- Develops positive and negative single- sided offset plates

Minimum chemical consumption

- A closed diptank system minimizes chemical consumption and oxidation
- Anti oxidation lids
- Accurate replenishment system, based on processed square meters

User-friendly design

- Automated replenishment system
- Easy to read - control panel
- Easy parameter adjustment

Maintenance and service friendly design

- Automatic self-cleaning of the gum section
- Light-weight, easy cleaning rack modules
- No tools required to remove rollers and bearings
- All rollers, brushes and spray tubes can be removed without the use of tools
- Service friendly design

Complies with CE safety standards

UL, c/UL, TÜV, and GOST-R certified

Glunz & Jensen's Quality Management System meets
DS/EN ISO 9001 standards.

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
