

Lotem Quantum 800 CTP Anlage mit Haase Entwicklungsmaschin e

Lotem 800 Quantum CTP system with Haase development machine

Not New

The Lotem 800 Quantum is the fastest model of the Lotem 800-series and reached an extremely high throughput of up to 25 plates in the 8-page format per hour. The Vorherbestimmbarkeit and consistency of CreoScitex Square spot thermal imaging to ensure high quality results in the plate imaging. Automation, easier operation, flexibility and high accuracy contribute to impressive performance. An automatic inline punching system ensures a perfect register accuracy of the plates in the press. The Lotem 800 Quantum, the Prinergy workflow management system can be controlled, suitable for printing, which can be no compromises. This CTP system enables continuous plate production at the highest level.

SQUARE-spot imaging for Quality and Value in Print (ViP)

The Lotem 800 Quantum TM system is based on the best CTP technologies that are available, including thermo imaging, automation and industry leading workflow systems. The unique spot SQUARE-imaging technology from Creo ensures consistently high resolution and continuous data integrity of the original file to print, in spite of normal fluctuations in production.

Lotem 800 Quantum platesetter comprising:

- Lotem 800 Quantum (2400 DPI F-Speed) Square Spot
- Multicassete for-Lotem 800
- In-Line Unit for Conveter Lotem 800
- Hole Punch for Lotem

Prinergy workflow consisting of:

- Prinergy server-4600 Bundle
- Prinergy Internal SCSI Raid Kit
- Prinergy 2.1-Documentation & Media kit
- Prinergy-to Lotem DCK
- Digital Blue Line Version 2.0
- Prinergy-regional Versioning
- Prinergy AIT-2 Tape Library DCK

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
