COPYmate 18" A2 / C level bed colour scanner

The COPYmate 18 level bed scanner is the ideal scanner for users who need an easy solution for copying or putting into archives. This adaptable scanner fulfils the special scan duties and copy duties, with very breakable presentations, materials with uneven surfaces, three-dimensional objects, or also just a book. The COPYmate 18 is with it the ideal device for service providers, artists, photographers, museums, archival institutes and libraries. The COPYmate 18 includes new iJET technology and iJET Bedienheit. The operating unit shows a thought-out menu system which allows all actions in the scan sphere and copy sphere. Dialling of the function directly in the scanner without need of a PC and software

The scanner has LAN and USB connections, so every possible printer can be connected and be used for the digital copy. Consequently the COPYmate 18 and the linked printer form a large-size All-In-One-System simply to be used.

With the LAN interface users can connect the scanner to the local net and to allow therefore a direct access also on the scanner without using an additional Remote PC stations
