Extremist-wide corner SP AF 14 mm of f/2.8 Aspherical IF

Open to yourselves a new perspective. Beyond the customary visual manner offers this extremist-wide corner (114 ° angle of vision!!) a new view of the things. Tamron uses asphärische objective technology and creates with it an objective of unique quality - for excellent and pin sharp pictures with high fun factor. The extreme sharpness depth area gives photographs with unique picture experience to you.
