prune device Neolt Foam Trim

FOAM TRIM

These machines were developed to cut large-size foamed plastic records precisely and fast. All machines are equipped with a stationary blade which can be changed easily and a dust free cut guarantees.

FOAM TRIM is suited for soft foamed plastics to 30 mm as for example KAPPA ®.

These machines are suited very well for the application in Kaschieranstalten, repro's companies etc.

Model 125 160

Edge length cm 125 160

Material strength:

KAPPA ® material mm to from 30 to 30

Machine mass:

Length cm 165 200

Wide cm 154 154

Height with prop cm 192 227

Weight kg 50 60

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
