

ProFire Excel

BRAKENSIEK®
SYSTEMHAUS

ProFire Excel is Presstek's illustration technology of the newest generation. From more than one decade of research and development and the experience from thousands of installations profits. The basis of ProFire Excel is a single picture data platinum which steers 16 microns of laser diodes. Every laser diode contains four independently taxable laser beams. Moreover, ProFire Excel offers the patented image to plus technology with which the image quality is considerably increased and at the same time the likelihood is reduced by Moiré patterns in standard-rest substitutes. ProFire Excel is used currently in two-page Tu-pressure machines by Ryobi, Kodak polychrome Graphics and KBA. Tu-pressure machines are available in different configurations as a production pressure machine or entrance device. The production pressure machine contains two illustration heads with six laser diodes in each case. All together the pressure plate is illustrated by 48 laser beams (24 of every head). The illustration is concluded at about 4,5 minutes. The pressure machine for the beginner contains two illustration heads with three laser diodes in each case. All together the pressure plate is illustrated by 24 laser beams (12 of every head). The illustration is concluded at about nine minutes.

The new ProFire Excel technology offers:

- Basic-respectable reliability
- Qualitatively high-quality issue with the 300th line grid
- Compatibility with new stochastischen and hybrid one
- Rasterungsmethoden
- Extreme repeatability
- Quick and exact illustration
- Longevity

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
