ColorGATE Production Server 4

- Platform independent center management for all LFP applications and printing systems
- Color management in high-quality, advanced ergonomic operation
- Can be automated, future-proof, modular expandable as for film creation, proofing, print and cut, photo & fine art

Production Server 4 does everything possible

Nothing is impossible:

- Bigbanner (textiles, indoor, outdoor) and contour displays
- Posters, mega posters, billboards, building wraps
- Transit advertising
- Advertising and exhibition systems
- Digital proofs, screen films
- Photo and art prints u.v.m

Production Server 4 - In this technique can be relied

Speed ??and production reliability are now key factors in the digital printing services. ColorGATE has now created with Production Server 4, the fourth generation of one of the most flexible and productive software products for digital high-end large format prints.

It's only a matter of configuration. Three Production Server 4 software packages to choose from. Depending on the requirement of equipment to full basic version:

PRO SELECT / GRID.

All easily expandable with various options and modules. Flexible production is a future-proof solution could hardly.
