Quark Print Collection

Fully assembled, ready to print files

Simply faster

Quark Print Collection is a feature-packed set of prepress tools for QuarkXPress 7 and Adobe Acrobat, the industry's most popular publishing applications. Use the intuitive user interface of Quark Print Collection for quick and easy to impose native QuarkXPress layouts or PDF files. Extensive pagination options and advanced control over settings such as bleed and creep provide flexibility and quality. Explore before printing Preview your impositions on screen to verify accuracy and prevent wastage. Maximize efficiency by saving frequently used imposition settings to use again or share with others.

Everything you need

Quark Print Collection is the perfect choice for publishing imposed documents, whether you are a publisher looking for an in-house solution to produce booklets and other multi-page jobs or a printer a simple and flexible solution for your imposition needs. Quark Print Collection offers in terms of power and value an unprecedented level - many advanced features at an affordable price.

Quark Print Collection includes the following four professional prepress tools:

Quark Imposer for QuarkXPress 7

Quark Imposer for Adobe Acrobat 7

Quark MarkIt for QuarkXPress 7

Quark Item Marks for QuarkXPress 7

Quark Imposer for QuarkXPress 7 and Adobe Acrobat 7

Selecting the type of file

Imposition of QuarkXPress layouts or PDF files.

Selecting the application

Support for QuarkXPress 7 and Adobe Acrobat with common feature set and interface.

Four types of bows

Choose from four types of bows: dual-, quad-, six-or eight-fold benefit.

Five imposition types

Choose from five imposition types: Standard, contact, and Tumble, Split Web, and Sheet Wise.

Four types of bonds

Choose from four binding types: None, saddle stitching, perfect binding, and stacking.

Auto-pagination

Pages are rearranged automatically according to the selected options.

Advanced Settings

Control plate margins, gaps, bleeds, crossover and creep.

Mounting styles

Save frequently used settings as reusable imposition styles. This can also be shared with other users.

Preview window

Preview imposed pages prior to output.

Preview Options

Display page boundaries, bleeds, and page numbers in previews.

Divide

Tile large pages across multiple sheets.

Registration Styles

Using Quark MarkIt registration styles (QuarkXPress only).

Default print settings

Print using standard QuarkXPress and Adobe Acrobat.

Quark MarkIt for QuarkXPress 7

Custom registration styles

Create custom registration styles for use on imposed pages or standard single-page output.

Press mark control

Easily position press marks such as trim lines, registration marks and color or grayscale bars by simply dragging them into a schematic representation of the active layout.

User-defined objects

Customizing the registration styles by adding items such as logos, a new registration mark, or even any graphics program created and saved as an EPS file color or grayscale bars.

Job Information

Add text slugs with job information to registration styles.

Quark Item Marks for QuarkXPress 7

Print marks

Add press marks to individual objects or pages.

Control of the placement

Control the placement of press marks (eg, registration marks, color bars, text slugs) and dimension arrows for crop, bleed, and safety areas.

Automatic guides

Automatically position guides for crop, bleed, and safety areas.

Layer Settings

Specify an existing or create a new level for the placement of brands.

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MwSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
