Information from the manufacturer to guarantee the batteries from 26/02/07:

Ladies and Gentlemen,

when the batteries are installed in the UPS you have described, there are so-called 5-year batteries. These batteries have a full 2 year warranty with proof of annual maintenance (maintenance records), taking into account the EUROBAT criteria. The amount to your system was delivered at 13:10:05 and is thus still a good half year warranty.

We hope to have you with this information.

Yours sincerely,

RUHSTRAT GmbH
