BRAKENSIEK®
SYSTEMHAUS

EFI Premium Suite Option 5:01 f best Windows, best premium + options + remote proof printer EFI XL-off (eg for EPSON 7 color proofer 7600)

Consists of:

- Best Color Manager
- Best Remote Proof
- Best eye colorimeter

Best Premium

Best Premium Suite Option - this is an extension to help you get out of Best Colorproof and Best Screenproof the last spark of quality.

The advantages

As a user you benefit from the following advantages:

- You must be a color management expert to spend a perfect proofs
- time, money problems and save
- all applications that you need for digital inkjet proofing, obtained from a single source

The idea behind premium

Many users try today for cost reasons, to get around to create their own profiles, and therefore use the standard profiles of the best CD. These profiles are of very good quality, but they can manufacture technical variations to which the printer is not subject to consider. Only when you created for a specific printing system individual profiles, one is able to tease out the last ounce of quality from the system. Precisely for this task provides the best premium options with a unique solution.

Best Color Manager

with each user can create their own profiles and linearizations. What is special is the simple user interface: The software takes all of the intricate settings yourself before - the user must specify the limits of ink or Light-/Norm-Verteilungen not bother. For a complete customization of printer linearization and profiling only a few steps. The user must do nothing but print out various forms of test and measuring with a spectrophotometer. The Best Color Manager will consider at the time of profiling the playback features of the particular printer, and can incorporate them into the profiling with.

The premium option initially work in conjunction with Best Colorproof and Best Screen Proof. The Best Option Premium Suite consists of the following parts:

Best Remote Proof (with colorimeter Best Eye)
