

OmniPage Professional 16

OmniPage Professional 16

New

OmniPage Professional 16, the latest version of the world's best selling OCR software, is the most precise way to convert paper, PDF and XPS files and forms into standard PC formats, including Microsoft® Office 2007 to convert. Powerful OCR (recognition accuracy above 99%) and formatting, and user-friendly workflow technology to automate the conversion extent. OmniPage does reliable digitization of paper, create batches of PDF files, or extract data from electronic forms. The software works quickly and accurately provides all the converting, editing, sending and storing paper documents and PDF functions required.

KEY BENEFITS

- With OmniPage Professional 16 you save even more time, money and energy than other OCR programs. Fast and efficient post-processing documents, thanks to perfectly formatted output, and proper flow of text.
 - A single mouse click instead of complex processes. OmniPage streamlines workflow by automating the entire conversion process: With one touch scanning, pre-configured workflows, the Archive Wizard and created work processes.
 - Useful PDF document storage functions for fast and effective collaboration: you can turn stacks of paper documents into searchable PDF archives. Entire folders of PDF files into editable documents converted.
 - Paper forms will be obsolete, thanks to continuous electronic form to use: With OmniPage create and send PDF forms and then extract the data from the completed forms.
 - OmniPage saves organizations time and money with efficient file transfer and archiving: Manual operations are replaced by efficient document distribution via e-mail, Internet and document management systems. This allows you to react faster, work better with others and save telephone, printing and paper costs.
 - Collect important data on the move: The new OmniPage 3D-Capture technology captures precise with your digital camera photographed text. This increases productivity, because texts can now be collected if no scanner is available.
- Useful features for editorial collaboration: With OmniPage can be sensitive content in paper or digital documents without affecting the layout of black or highlight important passages. This makes working on documents both internally and with external agents as an effective
- Get organized and put in batches of PDF files - with PaperPort 11 and PDF Create! 4th OmniPage, the number one OCR software, now includes PaperPort 11, the world's most popular document management software for the desktop.
 - Is included Likewise PDF Create! 4, our powerful software for PDF creation. All components work together seamlessly, thus giving the perfect all-round solution for your documents.
