

COMfortel® DECT Repeater.2 kompatibel zu COMfortel DECT 900 Base

COMfortel DECT Repeater 2

Coverage optimization through repeater.

Up to six repeaters to a COMfortel DECT 900 base assigned. The automatic transfer of the conversation between radio cells (handover) ensures the best possible freedom of movement on the phone.

An additional directional antenna is connected to the repeater, a separate building to be supplied with the cordless DECT COMfortel system. This can cover distances up to 1,000 meters.

The highlights of COMfortel DECT Repeater.2:

- Range optimization for wireless COMfortel DECT 900 system solution

- Up to 2 simultaneous calls

- Plug & Phone, easy to install, ready-housing

- LED for indicating the operational and functional status

- Simple wall and / or ceiling

- Jack for DECT Antenna Directional Antenna COMfortel

Please only contact us via our registration form and only if you are a business person yourself. Every offer is subject to prior sale and includes your acceptance to our terms & conditions [Terms and conditions \(AGB\)](#). All logos and trademarks on this site are the property of their respective owners.

You will always receive an invoice including tax, which can be paid via wire transfer, in advance or cash. If you register on paypal, you may also pay by charging your paypal account with your credit card. If you are an EU member and you have a validated tax number which can be validated here: [VIES VAT number validation / MwSt.-Informationsaustauschsystem MIAS\) Validierung der MWSt.-Nummer](#) then you pay tax-free. If you are from outside the EU, you can only pay tax-free, if the export is done with the transport company, called 'Schenker'. If you are not using 'Schenker', we cannot guarantee that we will get the export confirmation in time. In that case, you have to pay tax and you get it.
