

# Wave system HydroJet

Wellssystem Hydrojet

**Type 50000600**

You want to relax from your busy office job? The hydro-jet will leave no wishes unfulfilled.

The hydraulic jet set to heat treatment, classical and underwater massage

The hydro-jet embodies the principle of mechanical massage - and builds from there. These elements, he was successful classical treatments: manual massage, underwater massage and heat therapy. This was not a "new classic", but an integrated treatment approach that combines many positive modes of action. Today, the so-called underwater jet massage, the massage classical repertoire complemented in a meaningful way.

**General Information**

Basically, the mechanical massage by a professional in all Hydro-Jet symptomatic and asymptomatic strains of the whole musculature, Glutes and leg muscles are used.

The mechanical massage by a professional hydro-jet should not be used, if you to an overload or even damage to the strained muscles and other tissue structures of the spine and pelvis leads, such as the Vertebral body, the band structures of a motion segment, the sacroiliac joints or the hip joints.

You must not be negative or somatic reactions such as pain or inflammation and lead them not to be used in areas where a loosening of endoprotheses of structures such as the mechanical Vibrations can be expected.

The spine must be stabilized and adequately mobilized to motor response carry on the massage stimulation during treatment can.

Advantages of the Hydro-Jet Pro over other forms of physical therapy:

- \* No load cycle
- \* No sweating
- \* Individually metered reliably
- \* Less time spent on the user
- \* Just relaxing, soothing and stimulating
